

MICROBIOME CONNECTIONS

to Health and Disease

Calit2 Building Auditorium

University of California, Irvine

September 24, 2013

Register: www.calit2.uci.edu

1:00 pm Karen Nelson
Craig Venter Institute

Results of the Human Microbiome Project

2:00 pm Larry Smarr
UCSD/Calit2

Interactions of the Immune System
with the Gut Microbiome in Inflammatory
Bowel Disease

2:40 pm Huiying Li
UCLA

The Human Skin Microbiome in Acne
at the Strain Level

3:20 pm Manuela Raffatellu
UCI

Colonization of the Inflamed Gut:
Why a Subset of Gut Bacteria Thrives

Calit2

This FREE symposium
is co-hosted by Calit2
and UCI's Institute
for Genomics and
Bioinformatics.

4:00 pm Nick Vaziri
UCI

Chronic Kidney Disease Alters the Composition
of the Intestinal Microbiome and Disrupts
Intestinal Barrier Structure and Function

4:40 pm David Underhill
Cedars-Sinai

Fungal Microbiomes in Health and Disease

5:30 pm Reception

Wine and cheese in Calit2 Atrium
